

Rare Earth Magnetic Bases for Flat Surfaces

Product Purpose

Rare Earth Magnetic Bases Made From Neodymium Material

Provides accurate, consistent measurement points. (Best when used with MH133-1A Magnet Mount Targets). Choose magnets for flat surfaces (below) or curved surfaces (next page).

Part No.	Image	Drawing	Pull Strength	Mounting	Case Material	Magnet Material	Max. Temp.
MH136-1A			10 lbs. (5 kg)	1/4-28 Integral Stud	Stainless Steel	Neodymium	80°C
Flat Surface Magnetic Base for Small Sensors							
MH103-1B			40 lbs. (18 kg)	1/4-28 Integral Stud	Stainless Steel	Neodymium	80°C
Flat Surface Magnetic Base							
MH122-1A			40 lbs. (18 kg)	1/4-28 Mounting Hole	Stainless Steel	Neodymium	80°C
Flat Surface Magnetic Base							
MH104-1B			60 lbs. (27 kg)	1/4-28 Integral Stud	Stainless Steel	Neodymium	80°C
Flat Surface Magnetic Base							
MH123-1A			60 lbs. (27 kg)	1/4-28 Mounting Hole	Stainless Steel	Neodymium	80°C
Flat Surface Magnetic Base
